American Team Managers Buys Access CoverageCorp Tool

MGAs to Use INTERCHANGE to Submit New Hartford Small Commercial Business

Columbia, SC – Access CoverageCorp, a Trumbull Services company, has signed an agreement to provide its web-based new business submission tool to American Team Managers Insurance Services, Inc. (ATM) of Anaheim, California for The Hartford's small commercial business.

INTERCHANGE is a versatile tool which provides accurate real-time quoting, underwriting, binding and issuing. The tool's streamlined underwriting and data integrity can dramatically lower the costs to quote policies and increase efficiency for customer service representatives. Consequently, INTERCHANGE allows employees more time to sell or assist customers.

"We are extremely excited about the opportunity to employ INTERCHANGE to enhance the user experience by providing the best price in a real-time environment to facilitate our submission process," said Eric Magee, president of American Team Managers Insurance Services, Inc. "The concept behind this tool is the same one we are committed to in our business – the right coverage at the right price."

"I believe our relationship demonstrates ATM's appreciation of the impact state of the art technology has on business," said Chuck Shields, Vice President of Premium Services. "We look forward to a continuing partnership."
